

Smart Growth in New York: Legal Strategies for Mid-Career Dental Practice Owners

Oct. 14, 2026 | 6:00 PM – 8:00 PM

Mid-career dental practice owners in New York face a unique mix of challenges, including growing their practices, leading their teams, planning for the future, and navigating one of the country's most complex regulatory and employment environments. While many programs focus on start-up dentists or those preparing for an exit, this session is designed specifically for practitioners in the prime of their careers.

Topics to be discussed

- Recent employment law and human resource concerns for New York based dentists
- How to structure appropriate and enforceable employment agreements that protect your practice while being business friendly and fair market
- Long term succession planning through strong associate relationships and associate “partnership” opportunities.
